Made up of cotton and polyester, this comfortable sweater is made to last for many Christmases to come. Lightweight and warm, wear these for any occasion to make a style statement.

This product is sure to bring out your fun, frolic and vibrant attitude. The pink color symbolizes love, kindness and femininity.

Now, you can find these in different colors. The fabric stretches with the movement of the body while retaining the fit. The exclusive print makes the sweater stand out and gives a premium feel.

Quality is the foremost and we make sure to use the most sustainable clothing materials.

Imagine watching your favorite movie in these cosy sweaters and sipping on hot chocolate, this product is designed for it. No more pulling up, the sleeve length is about the right size which makes it comfortable as well as stylish.

The Christmas sweater is made with a tough wearing paint that will age beautifully and is very durable.

Over the years, we grew concerned about the lack of fuzzy sweaters for occasions. When we realised the importance of sweaters for Christmas, we carefully curated the best pieces.

Thesantaland believes that “being comfortable and savvy goes a long way in enjoying festivals to the fullest”.

The chic sweater is a must for any event. Whether you're an introvert or an extrovert, these sweaters make way for casual conversations with people.

Perfect. Conform to the photo I took a size above L but the M would have sufficed.
